

Ten Reasons for the Census

Number 1

Why do it? It's the Law.
It's how legislative districts are drawn.
Check the Constitution!

Constitution
We the People . . .
Article 1, Section 2

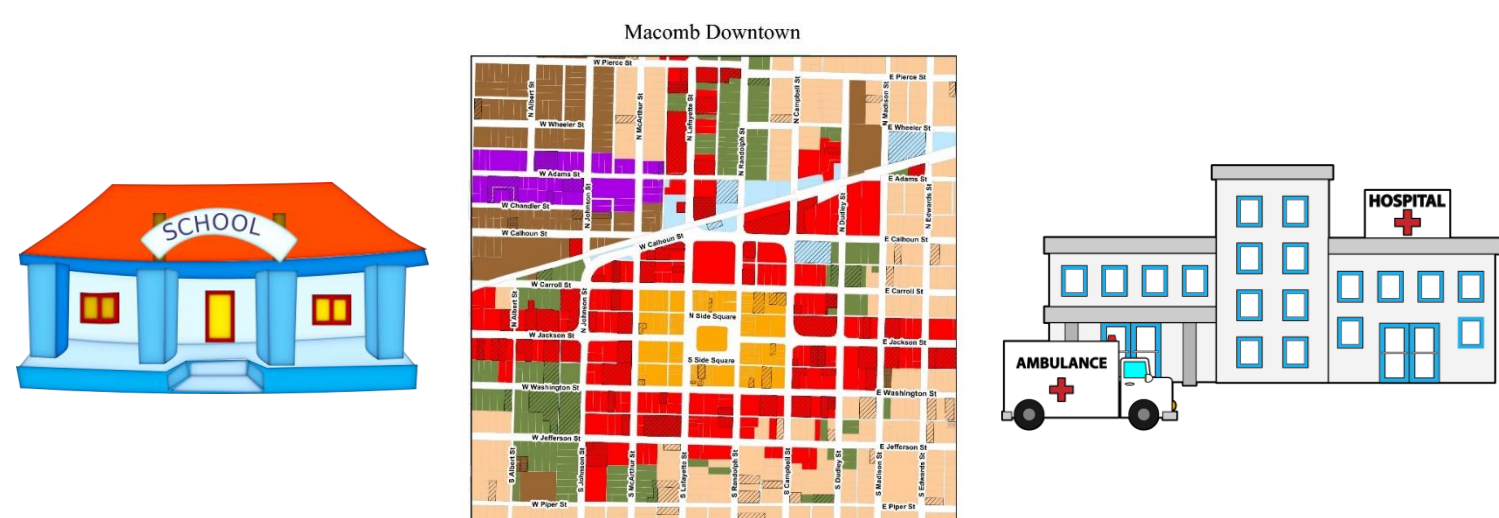

Number 2

Who Counts? Every living denizen,
Even if you're not a citizen.
The Supreme Court says so!

Number 3

It means government funds,
Data helps get grant funding done.
It means money!

Number 4

It's often used in planning,
Schools, healthcare, housing, just explaining.
New Schools! More Doctors!

Number 5

It's used for transportation,
It brings roads & mass transit to the
general population.
Better roads! More buses!

Number 6

It's used in business planning,
Siting factories, delivering goods;
numbers help when they're expanding.
It means jobs!

Number 7

It's used in online mapping,
Of services, routes, and even some in taxing.
Think GPS navigation systems!

Number 8

It's used in an emergency,
After hurricanes, fires, tornadoes,
when help is needed urgently.
Who needs help?

Number 9

It's often used by government,
Schools & services bring advancement.
Community Improvement!

Number 10

It's used to study history,
Of people and places. Even genealogy.
But you have to wait 72 years!
