This is a call for papers from a “publisher” in Armenia. The website for this “journal” uses the title, ISSN and Impact Factor for a real journal. However the URL is not the correct website for this journal.

This call for papers is a scam. The “publisher” has hijacked the information for a legitimate journal.

New Events:

- 1. The review team aims to make decision on rejection or possible acceptance of submitted papers in a week.
- 2. The journal 5-year impact factor is now: **0.649!!!**
- 3. The journal acceptance rate is now increased to give authors a better publication chance.

Wulfenia

Mitteilungen des Kärntner Botanikzentrums Klagenfurt

Wulfenia, a scientific journal of the Regional Museum of Carinthia (Austria), is an internationally recognized journal. It is published annually accepting original research studies on plant biology with focus on systematics, taxonomy, floristics, morphology, chorology, vegetation science and paleobotany. Papers must be of interest to a wide audience of plant scientists.

Information for authors

Wulfenia publishes original research studies written in English dealing with botany, giving preference to systematics, taxonomy, floristics, morphology, chorology and vegetation science. Manuscripts must be of general interest and not only addressed to a specialized readership. Contributions from all over the world are welcome. The journal is annual. Please send manuscripts to the editor until June 30th.

Manuscripts:

The first page of each paper should indicate the title, a short title for use as a running head, the author’s names and affiliations, addresses, e-mail addresses and the phone number of the corresponding author. The following sections cover the usual contents: abstracts in English, keywords, introduction, materials and methods, results, discussion, acknowledgements and references. Papers should not exceed 30 printed pages. Please submit manuscripts as data files (*.doc or *.rtf for WIN) by e-mail (preferred) or post.
