RE: PAA Bonus Points Application – Correction

Hello everyone. Please see below the corrected version of the Bonus Points instructions with the correction noted (please make this change in your PAA documents):

“Points earned for activities listed in the Bonus Points category may be applied to meet the minimum number of points required in the appropriate area(s) of responsibility (Teaching/Primary Duties, Scholarly/Professional Activities, or Service Activities). So, bonus points for activities performed in the appropriate area (as determined by the faculty member, department chair, and DPC chair) may be used to meet or exceed the 8-point requirement in the appropriate area(s) of responsibility listed above. These points may be awarded for an activity not listed under Teaching/Primary Duties, Scholarly/Professional Activities, or Service Activities, or they may be additional points given for extraordinary performance. Under Bonus Points, a faculty member who receives ACEs may also receive points based on the level of responsibility or for a major contribution.”

Please note that there was confusion because after the reference to bonus points being applied to the “appropriate area,” it then made reference to “any of the three areas” (this was meant to mean one, two, or all three areas...). Some thought this meant that someone could, for example, get bonus points for Scholarly/Professional and apply those points to Teaching or Service. This correction should make it that the points are only to be applied to “appropriate” area.

Thanks.

These points may be awarded for an activity not listed under teaching/primary duties, scholarly/professional activities, or service activities, or they may be additional points given for extraordinary performance. Under Bonus Points a faculty member who receives ACEs may also receive points based on the level of responsibility or for a major contribution.
