Discussion	<p>❖ April 1st @ 4pm- 5pm</p> <p>Great outcome with about 20 people showing up. The speakers did a great job explaining their background and I-O Psychology to the group. A couple thoughts were that it could have been more diverse. The speakers really only talked about their background with psychology and I-O Psychology. We wish it focused more on psychology in more diverse fields of work. The event was more informal than a lecture event which made the even flow better.</p>
