TEACHER SCHOLARSHIPS AVAILABLE FOR STEM MAJORS

APPLY TODAY!

These scholarships cover the full cost of attendance at WIU and are renewable until graduation for qualified applicants!

Beginning in the fall of 2023, WIU will be offering full scholarships to STEM majors who are entering their junior or senior year at WIU and who commit to completing one of the secondary education options in the disciplines of Biology, Chemistry, Mathematics, or Physics at WIU. This opportunity is made possible through a 1.4 million dollar National Science Foundation NOYCE STEM Teacher Scholarship Track I grant that WIU has received in partnership with Black Hawk College and five local high-needs school districts.
